Researchers at the Center on Disability Studies (CDS) at the University of Hawai‘i are interested in your acquisition of concepts and strategies presented during the CDS Professional Development (PD) session. We are also interested in finding out if you intend to use the PD concepts and strategies at your institution and if you do, how you plan to implement them. To obtain this information, we are asking that you complete this survey.

Any personal identifiable information will be kept confidential. It will take about 5 -10 minutes to complete this survey.

1. Name:____________________________________

2. Institution:_________________________________

3. E-mail:____________________________________

4. How useful was the PD program for you?

   ☐ Very Useful               ☐ Useful
   ☐ Somewhat Useful           ☐ Not at All Useful
5. What percentage of the materials presented at this Institute do YOU plan to use to train faculty at your institution?

- [ ] 75%-100%
- [ ] 50%-75%
- [ ] 25%-50%
- [ ] Less than 25%
- [ ] None

6. What percentage of the materials presented at this Institute do you plan to pass along to OTHERS so that they can better train faculty at your institution?

- [ ] 75%-100%
- [ ] 50%-75%
- [ ] 25%-50%
- [ ] Less than 25%
- [ ] None

7. Please let us know how we might be able to assist you in replicating the materials presented at this Institute. Be sure to indicate the best way you may be contacted for follow-up.

8. Please let us know if you have any further comments or questions about the Institute, Replication, or the Research Project.
9. Please share your interest in participating in the replication and/or research components of the project. If you indicate an interest in participating in replication, we will contact you with more information.

☐ I am not interested in taking part in the replication or research.

☐ I am interested in using the materials presented at this Institute to conduct, or arrange for others to conduct, 1-3 trainings of at least 8 participants each, and provide information to the SDDL project about the trainings. This may include information about who was trained and how the training impacted their teaching (encouraging participants to fill out brief pre and post online surveys).

☐ I am interested in taking part in the research component of the study, where I will receive compensation to recruit faculty to participate in a research project that provides in-depth information about the impact of the trainings. Using the materials presented at this Institute, I will conduct, or arrange for others to conduct, at least one training using the materials presented at this Institute. Involvement in the research project will require me to recruit up to 5 instructional faculty to complete a pre-training online survey, a post-training online survey, and 6 and 12 month online follow-up surveys. I will receive compensation for recruitment of participants at $100 per participant for up to 5. Participants will receive compensation of $200 each. Compensation will be given for recruitment and participation only after all surveys have been completed and returned to the SDDL Project.
